- Participation fee: see website or phone us
- Musikgarten 3 ends automatically when the child enters 1st primary class.

The Musikgarten is the music lesson where we make a lot of music and...

- . buzzing like bees
- . sing like the larks
- . listen, like the night
- . dance, like the flowers in the wind
- . chattering, like the brook
- . jumping and croaking, like the frogs
- . blossom, like the morning meadow
- . laughing, like the sun and like happy, playing children!

Agnes Suszter, director of the Musikgarten, is particularly passionate about...

- . creativity
- . the happy, relaxed atmosphere
- . the promotion of musical abilities
- . the support of sensory perception
- . the children's sense of happiness and musical development.
